

# Know Your FSA/HRA Eligible & Ineligible Expenses!

## Use Your Health Care FSA or HRA Wisely

The Flexible Spending Account (FSA) is part of your Cafeteria Plan which is an IRS sanctioned benefit that allows you to use pretax dollars to cover eligible expenses. A Health Reimbursement Arrangement (HRA) is an employer program that reimburses employees for certain eligible expenses on a nontaxable basis. The IRS defines eligible health care expenses as amounts paid for the diagnosis, cure, mitigation or treatment of a disease, and for treatments affecting any part or function of the body. The expenses must be primarily to alleviate a physical or mental defect or illness.

Take a look at the following lists for a better understanding of what is and isn't eligible. Other expenses not specifically mentioned may also qualify (for additional information, please contact Bern & Pugh, Inc.).

## Eligible Expenses
